However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

REPORT ON CORPORATE GOVERNANCE

The Directors present the Company's Report on Corporate Governance for the year ended **March 31, 2025**, in accordance with Regulation 34 (3) and read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (The "LODR Regulation").

PART A
MANAGEMENT DISCUSSION ANALYSIS REPORT

(a) Industry structure and development

The Company is engaged in the wholesale trading of specialty chemicals and commodities through its network of distributors and also undertakes activities in Leasing and Rental Services. During the year under review, the Company intensified its focus on expanding its product offerings and market presence across these sectors, striving to enhance its market share in a highly competitive environment.

(b) Discussion on financial performance and operational performance.

The Company operates in a single business segment, namely the trading of chemicals, and its financial results reflect the dynamics of this segment. During the financial year 2024–25, the Company reported a total income of ₹1,384.05 lakhs, slightly lower than ₹1,413.82 lakhs achieved in the previous year. The profit for the year stood at ₹200.39 lakhs compared to ₹260.43 lakhs in the prior year.

This decline in revenue and profitability was primarily driven by intensified competition in the chemical trading industry, coupled with fluctuating market demand and pricing pressures. The Company's focus on maintaining competitive pricing, managing costs, and optimizing operational efficiencies helped to partially offset the impact of these challenges.

The Company's solid financial foundation is reflected in its strong share capital of ₹800.00 Lakhs and healthy reserves and surplus of ₹5,561.91 lakhs as of March 31, 2025, which provides adequate cushion for future growth initiatives and business sustainability.

Looking forward, the Company is committed to strengthening its market position by expanding product offerings, enhancing supplier relationships, and exploring new opportunities to improve profitability and shareholder value.

(c) Internal control system and their adequacy

The Company has established adequate internal control procedures, commensurate with its size and nature of business, for the purchase of raw materials and fixed assets, as well as for the sale of goods, respectively. These controls ensure proper authorization, timely recording, and safeguarding of assets, thereby enhancing operational efficiency and minimizing risks of errors or irregularities.

(d) Material developments in Human Resources / Industrial Relations front including no of people employed

The Company has always regarded its human resources as the cornerstone of its progress and success, recognizing employees as its most valuable assets. The management firmly believes that the sustained growth of the Company is a direct result of the dedicated and continuous contributions of its workforce. With a balanced mix of skilled and semi-skilled personnel, the Company continually strives to enhance their skills, productivity, and overall capabilities.

A supportive and congenial work environment is maintained to foster employee engagement and well-being. The Company is deeply committed to ongoing improvement in social standards, business ethics, and employee welfare, reflecting its dedication to growing as a responsible and ethical organization.

We strongly believe that harmony among employees, employers, and the business community is vital for socio-economic development. During the year under review, industrial relations remained cordial and stable, contributing positively to the Company's overall performance and workplace culture.

(e) Risk and concerns

The Company primarily relies on importing chemicals from Gulf countries to meet its trading requirements. However, the transit period for these imports often exceeds 30 days, which exposes the Company to significant market price fluctuations by the time the goods reach India. During the last financial year, frequent price volatility in the global chemical markets affected the Company's import volumes. As a result, the Company adopted a cautious stance and limited its imports to mitigate risks associated with unpredictable price changes.

Due to these uncertainties, the Company refrains from entering into long-term supply contracts, preferring short-term or spot purchases that provide greater flexibility in response to changing market conditions. This approach helps the Company manage inventory costs more effectively and avoid being locked into unfavorable pricing. Although this limits the ability to secure bulk purchase discounts or long-term price stability, it safeguards the Company from potential losses due to rapid market shifts.

Moving forward, the Company will continue to monitor international logistics and pricing trends closely and explore alternative sourcing options to enhance supply chain resilience and minimize exposure to transit-related risks.

(f) Opportunities and Threats

The Indian chemical industry, particularly the specialty chemicals segment, continues to present robust growth opportunities, driven by increasing domestic demand, supportive government policies, and the positive impact of the GST regime. The Company is not dependent on any single product type and remains committed to expanding its product portfolio based on evolving local market demand. During the year under review, the Company has identified and initiated exclusive agency arrangements with several reputed Chinese firms to represent them in India, thereby strengthening its sourcing capabilities and competitive positioning.

Additionally, the wholesale trading of specialty chemicals and commodities, along with Leasing and Rental Services-related activities, offers diversified growth avenues. The Company has been consistently executing major orders from reputed clients while undertaking cost reduction measures, which are expected to improve overall profitability in the current financial year.

However, the business is exposed to certain external risks such as raw material price volatility, foreign exchange fluctuations, regulatory changes, and global supply chain disruptions. Moreover, reliance on international suppliers, particularly from China, may lead to uncertainties stemming from geopolitical and trade policy developments.

The Board believes that with its strategic focus, strong distributor network, and proactive risk mitigation initiatives, the Company is well-equipped to navigate these challenges and continue its growth trajectory.

(g) OUTLOOK

The Company remains cautiously optimistic about its performance in the upcoming financial year. While the trading environment for chemicals continues to be competitive, the Company aims to strengthen its market position through strategic sourcing, expansion of product offerings, and enhanced customer engagement.

With growing demand in end-user industries such as agrochemicals, textiles, pharmaceuticals, and personal care, the Company anticipates stable demand for specialty and industrial chemicals. The management is also exploring opportunities to expand its supplier network, including international agency collaborations, to improve product availability and pricing efficiency.

Overall, barring unforeseen circumstances, the Company expects to maintain stable performance and gradually improve profitability in FY 2025–26.

(h) DETAIL OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

In the financial year 2024–25, the Company did not experience any significant variations—defined as changes of 25% or more—in its key financial ratios compared to the previous year. Ratios including Debtors Turnover, Inventory Turnover, Interest Coverage Ratio, Current Ratio, Debt Equity Ratio, Operating Profit Margin (%), and Net Profit Margin (%) remained largely consistent.

This stability highlights the Company's steady operational performance and prudent financial management amid a competitive market environment.

(i) Change in Return on Net Worth Compared to Previous Year

During the financial year 2024–25, the Company's Return on Net Worth (RONW) witnessed a decline compared to the immediately previous financial year. This decrease is primarily attributed to the reduction in net profit for the year, which stood at ₹200.39 lakhs as against ₹260.43 lakhs in the previous year, despite the net worth remaining relatively stable.

The dip in profitability was mainly due to heightened competition, fluctuations in market demand, and pricing pressures within the chemical trading segment. These factors impacted the Company's revenue and margins, thereby influencing the overall return generated on shareholders' equity.

The Company continues to focus on improving operational efficiencies, cost optimization, and exploring new business opportunities to enhance profitability and thereby improve the Return on Net Worth in the coming years.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in *the Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Laffans Petrochemicals Limited of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act “)

We have audited the internal financial controls over financial reporting of **LAFFANS PETROCHEMICALS LIMITED** (“the Company”) as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over the financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorities of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of the internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of the changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

B Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

B.1 Basis of preparation and presentation**(i) Statement of compliance with Ind AS**

The company's financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 issued by Ministry of Corporate Affairs in respect of sections 133. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations require a different treatment. The financials for the year ended March 31, 2018 of the company are the first financial statements prepared in compliance with Ind AS. The date of transition to Ind AS is April 1, 2016. The financial statements upto the year ended March 31, 2017, were prepared in accordance with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006 ("I-GAAP") and other relevant provisions of the Act.

(ii) Basis of accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for

- certain financial instruments that are measured at fair value in accordance with Ind AS;
- certain items of property, plant and equipment that were revalued in earlier years in accordance with the

I-GAAP principles. The carrying value of all the items of property, plant and equipment and investment property as on date of transition is considered as the deemed cost.

(iii) Use of Estimates

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the accounting policies.

This note provides an overview of the areas that involved a high degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

(iv) Critical estimates and judgements

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable
- Estimation of defined benefit obligation
- Recognition of revenue

B.2 Summary of significant Accounting Policies

a Property, plant and equipment

All items of property, plant and equipment are stated at cost (i.e. cost of acquisition or construction) less accumulated depreciation/accumulated impairment. Such cost includes purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

Depreciation and Amortisation:

Depreciation on Property, Plant and Equipment is provided using the Straight Line Method based on the estimated useful lives of the assets and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013.

Impairment

At Balance Sheet date, an assessment is done to determine whether there is any indication of impairment in the carrying amount of the Company's assets. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount.

An assessment is also done at each Balance Sheet date whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. If any such indication exists the asset's recoverable amount is estimated. The carrying amount of the fixed asset is increased to the revised estimate of its recoverable amount but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss is recognised in the Statement of Profit and Loss for the year.

After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the fixed asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on Written Down Value basis over its remaining useful life.

b Revenue Recognition

- I. The revenue is recognized as per contract note of sale of Arbitrage, in case of sale of services on completion of Job and in case of trading, on raising of invoice and transfer of material to the party.
- II. Other income is recognized on accrual basis
- III. Dividend is recognized when the right to receive payment is established by the Balance sheet date.

c Investments and other financial assets

(i) Classification

The company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through Profit or loss), and
- those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Profit or Loss A/c.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Equity Instruments

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/(losses) in the statement of profit and loss.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Derecognition of financial assets

A financial asset is derecognised only when:

- '- The company has transferred the rights to receive cash flows from the financial asset or
- '- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the company has transferred an asset, the company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

(v) Income recognition**Dividend**

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the company, and the amount of the dividend can be measured reliably.

d Transactions in Foreign Currency

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses).

e Trade receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

f Employee Benefits

(a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(b) Post-employment obligations

i. Defined benefit plans

- Gratuity scheme

Gratuity is accounted on estimate basis and charged to Profit and Loss account on accrual basis. However as per Ind AS-19 Gratuity has been provided on actuarial valuation, which is not followed in accordance with Ind AS-19 "Employee Benefit"

g Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction (in accordance with the Income Tax Act, 1961) adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unabsorbed depreciation (as per taxation laws) only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred income tax is provided on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The Company has thus disclosed the Income Tax Assets/ Liabilities on a net basis as the same is settled within the same tax jurisdiction, which is in line with Ind AS 12.

h Provision and Contingencies

The Company creates a provision when there exists a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

i Earnings Per Share**(i) Basic earnings per share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

j Cash and Cash Equivalents

Cash and cash equivalents include cash and cheques in hand, bank balance.

k Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

l Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

m Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle an obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements. The Details are as under:

- i) Sales Tax Liability of Rs. 97,33,201 for the year 2008-09 (P.Y. Rs.97,33,201) against which appeal is pending
